"BUT THERE IS A FRIEND WHO STICKS CLOSER THAN A BROTHER." PROVERBS 18:24

## THE GAME HAS CHANGED ... DRAMATICALLY

Iran now has 95 pounds of highly enriched uranium. That gives the maniacally anti-Israel terror state what it needs to produce four "crude" nuclear bombs in just three months, says the Institute for Science and International Security.

And while it would take another six months to two years to produce missile-deliverable nukes, Iran is at the nuclear threshold. It could explode a nuclear device underground in months—shaking the Middle East and launching a nuclear arms race.

It's a humiliating defeat for Joe Biden. He has spent the last 18 months begging the rogue regime for a renewed nuclear deal—dangling \$90 billion in concessions and easing sanctions, including on Iranian oil exports.

All while the world's foremost terror state played for time, treating Biden and his team for fools as it raced toward the Bomb.

Unless stopped, Iran will very soon have weapons with unimaginable destructive power at its disposal. A nuclear arsenal able to do in six minutes what took Hitler six years.

And make no mistake—genocide is the plan. Iran leaves no doubt . . .

➤ "Israel is a malignant cancerous tumor ... that has to be removed and eradicated: it is possible and it will happen."

—Iran's Supreme Leader Ayatollah Ali Khamenei

➤ "[W]e will turn Tel Aviv and Haifa to rubble."

—Leading Iranian Ayatollah Ahmad Khatami

➤ "We will not back off from the annihilation of Israel, even one millimeter."

—Iranian Armed Forces Spokesman Brig. Gen. Abolfazl Shekarchi

It's urgent that the U.S. Senate act now to stop the futile Iran deal talks, reimpose crippling sanctions on Iran, and make it plain that the U.S. is standing strong with its ally, Israel, and is willing to use FORCE. That is why I ask you to take this urgent step:

Sign the "STOP THE IRAN DEAL! STAND WITH ISRAEL NOW!" petition to Senate leaders and make your best gift now.

The one thing the criminal gang ruling Iran keenly comprehend—with total clarity—is FORCE. But that is the one thing entirely missing from Joe Biden's catastrophic policy toward the tyrants of Tehran.

Just before the world learned that Iran now has what it needs to build the Bomb, Biden's point man on the nuclear talks with Iran said military force was NOT an option.

"There is no military response. ... The only real solution is a diplomatic one," Biden's special envoy to Iran Rob Malley told senators in late May.

INCREDIBLE! The truth is that without force, there is no solution.

## Iran NOW at NUCLEAR THRESHOLD!

*The rogue terror state now has what it takes to build four "crude" bombs in just the next three months—and Biden STILL wants to do a deal! Meanwhile, Israel is preparing for war . . . ALONE. America must act! — Mat Staver*

When the U.N.'s nuclear watchdog censured Iran in June for stonewalling inspection—in violation of the Nuclear Non-Proliferation Treaty—Iran answered that slap on the wrist with contempt.

The mullahs turned off 27 cameras used to monitor Iran's nuclear installations—effectively blinding inspectors to the radical Islamic state's nuclear build-up.

And what was the Biden regime's response? More

talk—wimpy, weak-kneed, wishy-washy words.

With one of the world's worst human rights abusers—a nation pledged to Israel's destruction—at the nuclear brink, U.S. Secretary of State Antony Blinken emitted gaseous twaddle.

Iran, he blathered, risked “a deepening nuclear crisis and further economic and political isolation.” But the U.S., he assured, will “continue to press Iran to choose diplomacy and de-escalation instead.”

In other words—just more talk and no action. Iran is free to threaten Israel and the world, secure in the knowledge that the U.S. will not levy a painful price on the outlaw and soon-to-be nuclear state.

Just over two years ago, President Donald Trump told Iran exactly what to expect if it retaliated for the targeted killing of Iranian terror mastermind Qassem Soleimani:

“We will hit them harder than they have ever been hit before!”

But today, the U.S. lashes Iran with a diplomatic wet noodle.

What you and I are witnessing is Biden's slow surrender to Islamic terror. A serial appeaser, he is unwilling to impose punitive sanctions and threaten military force. And in so doing, Biden is marching the world into catastrophe.

But Israel isn't joining the Biden-led death march. The Jewish state is preparing for war—a war it doesn't want—which is why Israeli Prime Minister Naftali Bennett has urged the world to act against Iran.

“Without pressure from the West,” he warns, “the Islamic regime in Iran could get their hands on a nuclear bomb very soon.”

And that is something Israel will not allow. The Jewish state, as Bennett has made clear, will act alone if Biden and the international community fail the test.

Israel is investing heavily to prepare for war and to harden its defenses at home:

- Israel held its largest military drill ever in May on Cyprus—rehearsing an aerial strike on the radical Islamic state's nuclear sites.
- Its F-35 stealth jets can now reach Iran without refueling
- A revolutionary new laser defense system will, once deployed, intercept rockets, mortars and drones for just \$2 a hit.
- A new radar system can simultaneously track thousands of aerial threats—a game-changer for Israel's defense.

And thousands of missiles, rockets and more are what Iran and its proxies in Lebanon, Syria and Gaza will hurl at the Jewish state if it strikes Iran's nuclear sites.

Iran has some 3,000 ballistic missiles. Hezbollah in Lebanon is armed to the teeth with more than 100,000. Hamas in Gaza, together with other terror groups there, has some 20-30,000 missiles aimed at Israel.

That's the firepower that will rain down on Israel if and when Israel is forced to act ALONE to wipe out Iran's nuclear facilities.

That is why, again, I ask you to send the U.S. Senate a clear, unequivocal and forceful message! Join me in a Citizen's Joint Declaration DEMANDING that the Senate intervene to redirect U.S. foreign policy and stop the madness.

ACT NOW by signing the STOP THE IRAN DEAL! STAND WITH ISRAEL NOW! petition to Senate leaders.

As you do, will you please make a generous financial gift to strengthen and expand everything CIDI does to fight for the Jewish state?

Your generosity makes this crucial outreach possible. Without good friends like you who give and pray, CIDI's work on Israel's behalf simply would not be possible. Thank you for considering a much-needed donation today.

And let me give you one more reason why it's crucial that you act today.

At the very moment Iran is about to go nuclear, Joe Biden is acting to undermine Israel. In just days, Biden is due to visit Israel. But he will use that visit not to stand shoulder to shoulder with the Jewish state.

Instead, Biden's itinerary includes a stop in east Jerusalem—a precinct claimed by Arab Palestinians. There, he is expected to announce millions in Palestinian aid. It's a calculated and symbolic move to support the Palestinian claim that Jerusalem is their capital, too.

Just when Israel most needs the U.S. to stand firm with the Jewish state, Biden is coming to DIVIDE Jerusalem—to alienate and betray our closest Middle East ally!

You and I need to speak out now! Sign the STOP THE IRAN DEAL! STAND WITH ISRAEL NOW! petition and make your best gift today.

I am deeply grateful for your heart for Israel and your gracious support to bless and defend God's chosen people!

## STOP THE IRAN DEAL! STAND WITH ISRAEL NOW!

AN URGENT CITIZEN'S JOINT DECLARATION

**TO: Senate Majority Leader Charles Schumer and Minority Leader Mitch McConnell**

As an American who loves Israel, I am deeply concerned that Iran is now a nuclear threshold state with the capacity to field up to four crude nuclear bombs in just three months. Iran makes no secret that it will use the Bomb to eliminate Israel. As Iranian dictator Ali Khamenei put it, "Israel is a malignant cancerous tumor ... that has to be removed and eradicated."

Despite the existential threat to the Jewish state from a genocidal regime, Joe Biden has spent 18 months in hopelessly naïve and fruitless talks to renew the Iran nuclear deal—all while the terror state has played Biden for a fool as it races to go nuclear.

The U.S. Senate must act forcefully to bring a halt to the failed nuclear talks in Vienna. Now is the time to stand with Israel, reimpose punitive Trump-era sanctions on the criminals ruling Iran and make it clear that the U.S. will exact a severe military price on the rogue regime unless it verifiably demonstrates it has abandoned and destroyed its nuclear installations.

Iran must NOT be allowed to go nuclear. I am calling on the Senate to ensure it does not.
